

SENIOR ESTIMATOR POSITION AVAILABLE

Douglas E. Barnhart is currently seeking a full-time experienced Estimator to work in their San Diego office. The ideal candidate will work on a diverse range of public, government and commercial projects, with clients that include cities, school districts, universities, community colleges, airports, the United States Navy, and sports facilities throughout California.

Qualifications:

- Self-motivated.
- 5 years' minimum local experience working with a GC.
- Strong communication skills.
- Strong computer skills (knowledge of Estimating Software such as Timberline/digitizer, I Square Feet a plus); should know Excel.
- Able to work on multiple projects including modernization and new construction, DesignBuild, etc.
- Construction-related Bachelors degree preferred.
- Be able to carry through with responsibilities until completion; able to juggle several assignments at once.
- Will be bidding on new projects.
- Prepares quantity take-offs and estimates on various projects.
- Develops relationships with subcontractors, and identifies new subcontractors to meet the construction needs of the company.
- Coordinates bids and obtains and analyzes bids on projects from subcontractors.
- Prepares accurate pricing of estimates, including labor, material and subcontract items.
- Will be working 100% out of the office in San Diego, but attending job walks for bidding purposes.

Barnhart, Inc. was founded in 1983 and today is one of the top-rated construction firms. They have been #5 nationally in education and ranked #13 overall in the State of California. They currently hold approximately 58 awards ranging from Contractor of the Year to the AGC National Construction Safety Excellence Award.

****Salary commensurate with experience****

Barnhart, Inc. offers competitive wages and a comprehensive benefits package. If you are interested in an employment opportunity with Barnhart, Inc. and would like to apply, please submit a cover letter and resume to:
